

## **Cambria Historical Society Speaker Series Featuring Jerry Praver “The History of the Piedras Blancas Lens”**

The original Fresnel lens arrived from France in 1875 and had quite a journey to San Simeon. Jerry, a local historian, will share the lens' amazing history. The lens experienced several changes and improvements in its long life before finding a new home at the Pinedorado Grounds in Cambria in 1996. Join us for an interesting evening!
